FOREWORD

WHAT A SEASON. Wet spring, but finally clearing up, so we could get on the ground and start planting about April 20th. Excellent planting weather for 3 weeks, with almost no rain. About two good rains in May, but after May 24th, we encountered the longest period of drouth I can recall, with hot dry winds.

In spite of inclement weather, we cut our first spike on June 27th. What do you think it was? **RHETT BUTLER**. This was followed very closely by **DARLA, FIRMAMENT, GAY-LORE**, and of course the miniatures came in with a bang, due to the hot weather. **BO-PEEP, TWINKLES, SILVERSIDES, ELLA MAY, CRINKLETTE, FAIRYLAND**, etc.

If you are growing for early cut-flowers, you just cannot afford to pass up **RHETT BUTLER** and **DARLA**. The first beng a brilliant scarlet, and the second a lively light rose.

Of the recent introductions, worthy of merit, which came into flower very early, here are but a few of them. **MELLOW MOON, RED TOWER, WINONA, AYLMER GLORY, BARRETT'S BEAUTY, RED VELVET, MODERN MISS** and **STYLISH**, all came into flower in 65 to 68 days. The heat may have had something to do with it, but these varieties were definitely early for me.

Best commercial performers for me, starting with **WHITES**, were as follows: **FLOR-ENCE NIGHTINGALE**, once, twice and all the time. **SIERRA SNOW, MOTHER FISCHER, ANGELA LYNN, EASTER MORN, CRYSTAL BEAUTY**, and the new **SNOWCLAD, BET-TY JEAN, WHITE CLIFFE, BARBARA WARR**, not forgetting dependable **PEGGY FARRELL**.

Hazel Dunlop, Premier flower ar-ranger & author of book "Let's arrange flowers."

"GRAMPS"
Just "Bruce" to You

In Creams, the best for me, were **DAYBREAK**, **CHARLOTTE RUSSE**, **LEADING LIGHT**, **CONNIE G.**, **LEADING LADY**, are certainly among the topnotch performers.

In Yellows, we are getting a flock of them. Here are some of the best: **FORSYTHIA**, **SUNDANCE**, **YELLOW FLARE**, **CATHERINE BEATH**, **GOLD**, and the newest being **GOLD BANK**, **GOLD BOND**, **GOLDEN DIANA**, all of which are superior yellows to previous introductions in every way.

In Rose Pinks, and we are not going to attempt to classify them too closely: **DARLA AMERICAN BEAUTY**, **ELMER'S ROSE**, **ROSY FUTURE**, **BURMA**, **AYLMER GLORY**, **LYNNE HILL**, **ORCHID MIST**, **ROSITA**, **SHALIMAR**, and some new introductions, namely **ROSIE O' GRADY**, **ROSELYN**, **ROSANNAH**, **POWDER PUFF**, **GREAT DAY**, **WHISTLE STOP**, and **VENDOME**. Here is a class, which a few years back, was woefully weak, but now you have a very wide choice.

THE BALANCE we shall just classify as pink pinks: **EDITH WARR**, **SPIC & SPAN**, **JINI MARIE**, **DOROTHY MARGARET**, **HONEY DEW**, **BONNIE BRAE**, **ANN SHERMAN**, **ADORABLE**, **GRACE DARLING**, **COMPLEXION**, **CITATION**, **FRASER**, **DOLLY VARDEN**, **PENNANT**, **HEARTS DESIRE**, **EVANGELINE**, and the newer, **LOOK**, **ANNIVERSARY**, **CAPRICE**, **SUMMER CHARM** and **EXOTIC**.

The red classes while seemingly large, are really not so large after all: **RHETT BUTLER**, **RED CHERRY**, **DIEPPE**, **REDOWA**, **RED FEATHER**, **RED TOWER**, **RED VELVET**, **LORD ELGIN**, **BONFIRE**, **RED CHARM**, and the newest **DAVID WARR**, **GARNET RUFFLES**, **DIXIE ROSE**, **RED MILL**, **TRULY FAIR**, and the new smokey bronzy red, **CHEROKEE**.

The lavender class has been greatly strengthened for another year. Here are some top-notchers: **COL. ATKINSON**, **MADELINE HEFTY**, **FALCON**, **BRIDAL ORCHID**, **MARTHA WASHINGTON**, **VALDA**, **MYRTLE GRACE**, **COLONIAL DAME**, **HENRIETTA**, **DESERT SONG**, **ORCHID SKIES**.

The orange classes are coming up. Here are some good ones: **TASCO**, **MARGARET JEAN** and the newest **PRINCESS AURORA**, which we predict is the current **BEST** orange.

The Buffs are beginning to increase, and here are some good ones: **PEACH GLOW** of course leads the list. **SUNSPOT** still good, and the new **SUNSET GOLD** from Australia, is proving extremely popular here.

Black Reds, always a favorite with everyone, are topped by **ACE OF SPADES**. This one stands out in a class by itself. **BLACK CHERRY**, and **VELVET MARVEL** are also fine.

BLUES are starting to come up a bit. Here are some good ones. **FIRMAMENT**, **BLUE LAGOON**, **TRI-COLOR**, **GREAT LAKES**, and the newest **BLUEBERRY**. We are discarding **BLUE BEAUTY** this season, and replacing it with **FIRMAMENT**.

Purples, which can stand heat, will not bruise nor rainspot, are scarce, but we have some good ones: **KING DAVID**, stands at the top of the list, followed closely by **WONDER BOY**, **KASHMIR**, **INDELIBLE**, **MODERN MISS**, a light purple, and the new Tyndall introductions: **ROYAL VELVET**, and **DIXIE ROSE**. Ted Wood's newest creation, **WHISTLE STOP**, is a grand purple, with a deep rose shading. **CREOLE BELLE** from Lawrence Allen, looks like a topper too.

SMOKIES are certainly popular with the fans. **STORMY WEATHER** and **SANDMAN** seem to top the list. **ALLAH**, a newie, is outstanding and different. Newest too, are **CHEROKEE** from Geo. Snyder, **POWDER PUFF** from Lawrence Allen, another great smokey.

We must not pass up the newest miniatures, which are becoming increasingly popular, without a mention of them. **EXQUISITE MIDGET**, from Archie Whitehouse, Sarnia, Ontario, is the cutest, most loveable little pink in existence. Barely making the one inch size, it will thrill you no end. **CHARMETTE** from Murray Tyndall, is well worth your attention. It is new and different.

Don't forget to examine the list of novelties, offered here, from Lucian Gosling of Ludington, Mich., the premier hybridizer of novelties. There is nothing like them in the glad world.

1953 INTRODUCTIONS

SO, WE COME TO THE THRILLS, THE 1953 INTRODUCTIONS. ALL HAVE BEEN GROWN BY ME IN MY OWN GARDEN, NO PAMPERING, ONLY A LITTLE EXTRA WATER, RATED BY JUDGES FROM VARIOUS PARTS OF THE COUNTRY, AND TESTED IN OTHER SECTIONS OF USA and CANADA.

Introductions for 1953 from Various Hybridizers

From **J. W. HARRIS**, Sarnia, Ont. Too well known to require background. His introductions, are especially noted for **HEALTH, STAMINA, THE ABILITY TO STAND EXTREME HEAT AND DROUTH**, because he grows them without any irrigation. **NEVER A DUD IN A HARRIS ORIGINATION.**

SNOWCLAD: A taller and better finished **SIERRA SNOW**. This one will grow 72" with a 30" flowerhead. Will open 12 in the field, with 10 in color. Ruffled and fluted. American Home Achievement Winner at S.E.M.G.S. 1952.

GOLD BOND: The best medium yellow I have ever seen. 66" tall, with a 26" flowerhead. 20 to 21 buds, 8 open, 6 in color, strong grower. A rich canary yellow ruffled, heavy textured. No throat marks, just clean clear yellow throughout.

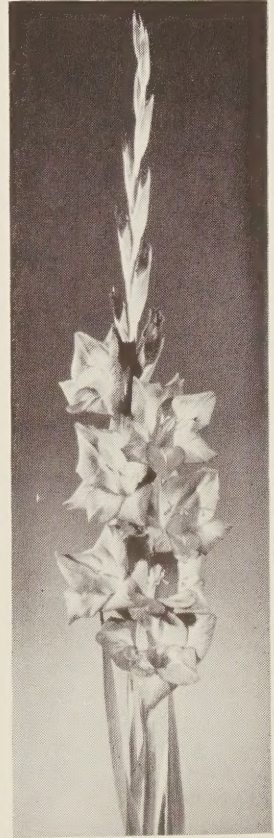

ALLAH: For you fans who want smokeys, or A.O.C.'s, here is a beaut. Hard to describe unless we say a huge, richer, much improved Vagabond Frince without the Scarlet feather in the throat. Ruffled, needle pointed, and 56" tall, with a 20" flowerhead, 19 buds, 8 open, 6 in color.

Gold Bond

J. W. Harris

Blueberry

Snowclad

BLUEBERRY: A fine addition to the medium blue class, that grows 56", with 19 buds, 8 open, 6 in color, slightly ruffled, very slight throat, almost a self color. Should make a very valuable addition to this weak color class.

GOLDEN DIANA: Another clean, clear deep yellow, no throat marks, ruffled, extra heavy texture, grows 60", with a 24" flowerhead, 20 buds, 9 open 7 in color. We tested around 30 new yellows this season, and for a rich deep yellow, this one outclassed them all.

ROSIE O'GRADY: Here is the swellest medium rose with slightly deeper throat I have seen. Large 5½" florets, ruffled and heavy textured, grows 56", with 19 to 21 buds, opens 8 easily, with 6 in color, and considered a knockout, in the rose class.

Above 6 introductions, priced as follows, each: Large \$3.00, Medium \$2.00, Small \$1.00, with bulblets at 35c or 3 for \$1.00.

★ ★ ★

From **TED WOODS**, Madison, Wisconsin. That great hybridizer, who originated such fine things as **ROSITA**, **ANN SHERMAN**, etc., has two for 1953 in the deeper colors, for a change, and by the way deep colors seem to be in demand this season.

WHISTLE STOP: (462) A grand Rose purple, grows 66" tall, 34" flowerhead, with 24 buds, 10 open, 8 in color, ruffled, and extra heavy substance. Blooms in 80 days, and in the rose purple class, it will be hard to beat.

TRULY FAIR: (452) A glorified American Beauty red. A perfectly beautiful color which the florists really wanted, grows 58", with a 30" flowerhead, 22 buds, 8 open, 8 in color, and best of all, it blooms in 65 days. Beautifully ruffled, wide open, and will make a great commercial.

Either of the above introductions, priced at: Large \$3.00, 10 for \$22.50; Medium \$2.00, 10 for \$15.00; Small \$1.00, 10 for \$7.50; Blbts. .75, 10 for \$5.00.

From **MURRAY TYNDALL**, Brucefield, Ont. Remember him? His 1952 introduction **WONDER BOY**, knocked them dead wherever it was shown this past season. His 1953 introductions were simply knockouts in my trial garden, and as the kids say "They send you".

ROSELYN: A deep rose with darker lower lip petal. A rich, beautiful rose, ruffled heavy textured, grows 60", with a 24" flowerhead, 8 open, 6 in color, early, vigorous, an eye-stopper.

DIXIE ROSE: A purplish red, very velvety sheen to petals, with slightly lighter throat. Grows 54", with a 24" flowerhead, 7 open, 6 in color. Early and a strong color, which everyone liked.

CANUCK: A huge soft salmon, with lighter throat, on which are reddish throat lines. Florets will run over 8" wide, simply tremendous in size. Grows 66", with a 30" flowerhead, 22 buds, with 8 open, 8 in color, strictly exhibition.

ROYAL VELVET: A soft pleasing shade of medium purple, extra heavy texture, grows 56", with a 25" flowerhead, 6 open, 6 in color. A very pleasing and unusual shade of purple, which the ladies loved.

CHARMETTE: A grand little miniature, deep red, with a silvery edge on all petals. The brightest miniature in commerce. Grows 36", 14" flowerhead, 14 buds 5 open, 4 in color. A fine addition to the miniature class.

Above 5 introductions, priced as follows, each. Large \$3.00, Medium, \$2.00, Small \$1.00, with bulblets at 35c or 3 for \$1.00.

Gold Bank

From **JOHN BASTIAN**, Co-Introducing:

Any size corm \$2.00, with Bulblets at 35c or 3 for \$1.00.

★ ★ ★

From **BILL WARR**, Verdun, Quebec. Remember his first origination, **EDITH WARR** which knocked them cold all over the country. Well, here are two others, which for me, and other testers were just as outstanding.

BARBARA WARR: A huge ruffled creamy white, with chartreuse throat. Grows 60", with a 24" flowerhead, 22 buds, 8 to 10 open, 8 in color, strong grower. A perfectly beautiful and outstanding glad, you will thrill to.

DAVID WARR: Named in honor of his father, who left them last summer, and a finer tribute could not be found. A very tall, rich scarlet, ruffled and needle pointed petals. Grows 66", with a 28" flowerhead, 10 open, 8 in color. A standout in the red class, and one you will hear about in years to come.

From **LAWRENCE ALLEN**, Akron, Ohio, whose **KASHMIR**, **CRYSTAL BEAUTY**, **GLORY**, have been winning all over the country, here are 5 beauts, in the most unusual colors you have ever seen.

POWDER PUFF: A smokey old rose, ruffled and needle pointed, the most unusual rose color I have ever seen. You smokey fans will really go nuts over this one. Imagine **ROSITA** with a smoke screen over it, and you have the color. Grows 54", with a 22" flowerhead.

JITTERBUG: As lively as the name implies. A brilliant heavily ruffled scarlet needle pointed petals. Has slightly deeper throat. Grows 54", with 24" flowerhead, 20 buds, 8 open, 6 in color.

DINAH: A smokey grey glad, with just enough rose in it to light it up. A most unusual color, sort of a glorified **STORMY WEATHER**, without the rose in it. Grows 54", with a 22" flowerhead, 20 buds, 8 to 10 open, 7 in color. Here is another knockout for you smokey fans.

GREAT DAY: A very much glorified **ELMER'S ROSE**, slightly deeper rose, heavy ruffled and needle pointed, grows 56" with a 24" flowerhead, 21 buds 8 open, 7 in color.

LUCIAN GOSLING DRAGONS & DOUBLE DRAGONS

. Many of you folks have heard of Lucian Gosling, of Ludington, Michigan. A quiet, mild mannered, God-fearing man, who is interested only in Nature's peculiar traits, in creating oddities in the glad world. This season, I was privileged to grow them, and they were certainly interesting and intriguing. Stocks are small and the year only for the grower who is looking for novelties and are not for the commercial grower. If you want some surprises, something completely new and different in glads, be sure to try some of these Gosling treasures. Here they are:

1953 INTRODUCTIONS

WHITE DRAGON: Globular creased and crinkled florets of heavy texture, in ivory white, with a pink dot in throat. Complex spurs on this clustered bloom, make it appear double, and a rare delight for arrangers.

Any size corm \$5.00, with limited number of bulblets \$1.00 ea.

CARNIOLA: A miniature, resembling a carnation, with a sheaf of tiny petals in yellow flecked with red. Bulbs are tiny, fully developed corms are 1" in diameter. For you hybridizers, here is a real gem. Less than 50 corms for sale. No bulblets.

Any size corm \$10.00. First come, first served.

RELUCTANT DRAGON: Next to **WHITE DRAGON**, this one is the most beautiful of the dragons. A beautifully ruffled and spurred "face-up," in salmon, with a yellow throat. Nice long flowerhead, 15 to 18 buds, holding 5 to 7 open. Another real gem in a novelty. Hybridizers please note. Limited stock.

Any size corm \$5.00, No Bulblets.

MOTHER DRAGON: A lightly spurred, long headed salmon pink "face-up", with ability to produce good seed. This, and Fairy Dragon, are the most satisfactory seed producers. Extremely limited stock.

Any size corm \$5.00, nearly all small bulbs. No bulblets.

TRUE PURPLE: A blue purple breeder of great value to the hybridizer looking for good blues. Makes good seeds, which grow to large seedlings in one season, giving a high percentage of healthy near blues. Another Gem for you hybridizers.

Any size corm \$3.00. No bulblets.

RECENT INTRODUCTIONS

FAIRY DRAGON: This dragon is the key to the fairyland of new shapes, forms and types of dragons. Usually it bears elfin needle spurred cupped florets in lavender pink, but occasionally it produces creased and fluted petals.

TO SUPPLEMENT OUR CUT-FLOWER BUSINESS IN GLADS AND DAHLIAS, WE ALSO GROW SOME EXCELLENT PERENNIALS, AS FOLLOWS:

SHASTA DAISY—WIRRAL'S PRIDE: This is perhaps the finest big shasta daisy in commerce. Imported from England, it has nice long cutting stems with the white of the large petals extending well up into the yellow portion of the center, making the yellow center very small as compared to the more common species. Blooms early and late, completely hardy. Good divisions, not rooted cuttings, at: **.75 each or 3 for \$2.00**

EARLY - FLOWERING ENGLISH GARDEN CHRYSANTHEMUMS

These are similar to the greenhouse type of Mum, but grown out of doors. They were imported from England, and those who have seen them, are thrilled with their size, color, and vigor. Don't compare them with ordinary type of garden Mum. They are new and entirely different.

BALCOMBE ROSE: A new bright rich rose, fully double, on long stems.

CHATSWORTH: An early copper bronze, of good size.

FLORENCE HORWOOD: A Rose with golden center.

THE SWAN: Beautiful white, spoon type, large flowers.

DELIA: Rosy pink, Reflex.

YELLOW BARBARA: Six inch blooms of deep yellow, petals reflex.

CARLOTTA: Rose-Cerise, with old gold reverse.

ANSOM: Large flowers of soft shell pink.

BALCOMBE BRILLIANCE: Brilliant red flowers of medium size.

MAYFORD TRIUMPH: Scarlet Bronze, extra fine.

Any of above varieties, at 3 for \$1.75. Good divisions, not rooted cuttings.

NEW HARDY ENGLISH PHLOX

Ever see phlox that the individual florets were as large as a silver half dollar? Are you tired of those old phlox that die off on the bottom, get mildew, etc? Here are some new ones that are the best I have ever seen or grown. You will want some to replace your old timers in the border:

ELIZABETH ARDEN: A deep shrimp pink, with a cherry eye.

DUCHESS OF GLOUCESTER: Deep pink, with deeper pink eye.

BRIGADIER: A brilliant cherry rose, with a deep cherry eye.

SUPERB: A salmon pink, with a deeper pink eye.
